Product Summary

The **TRU TOUCH X Series** is the only interactive display to feature Newline's TRUFlat technology for a sleek, impressive look that combines advanced technology with elegance. Experience meetings on a display that allows for the whole team to interact without limitations by sharing not only voice and video, but also data and annotation. Take notes on a digital whiteboard with the most comfortable writing experience available on a touch screen and share information all with one button.

- Collaborate with anyone, anywhere no matter what device or system they use.
- Two 1080p wide angle cameras let you be seen from anywhere in the room.
- Echo cancellation and noise reduction produces clear sound quality for all.
- Powerful on-board computer stores all of your files and information locally.
- No need to worry about losing a proprietary pen, just use your fingers.
- Android system allows the display to be both on-network and safe for guests to

use. - Comes in 55" and 70" screen sizes.
